25 June 2024 | Pre-Event Workshops
26-27 June 2024 | Main Event Days

POST-EVENT REPORT

DIGITAL. AUTOMATED. CONNECTED.

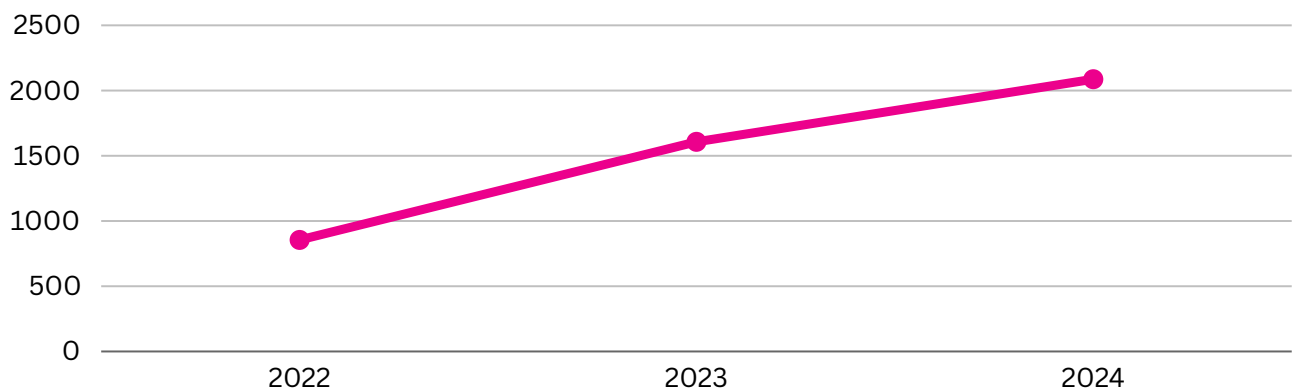

THE CONGRESS IN NUMBERS

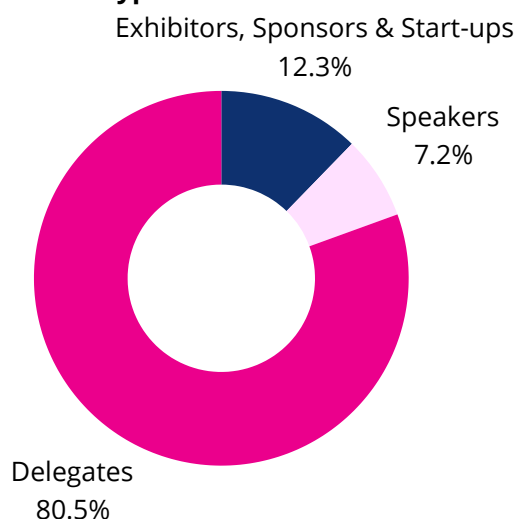

The 2024 Future Labs Live Basel at Congress Center Basel brought together laboratory experts from across the field and the Europe to participate in days of collaboration and discussion.

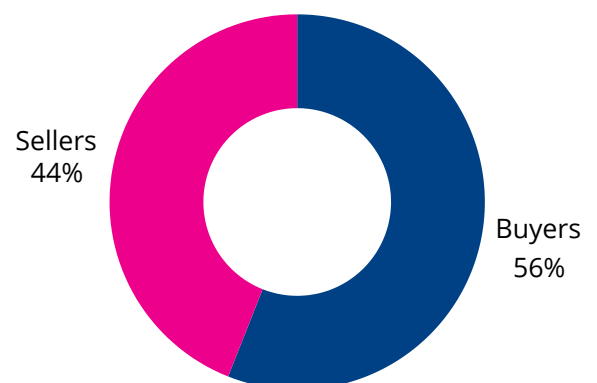

This year was our biggest in-person event to date!

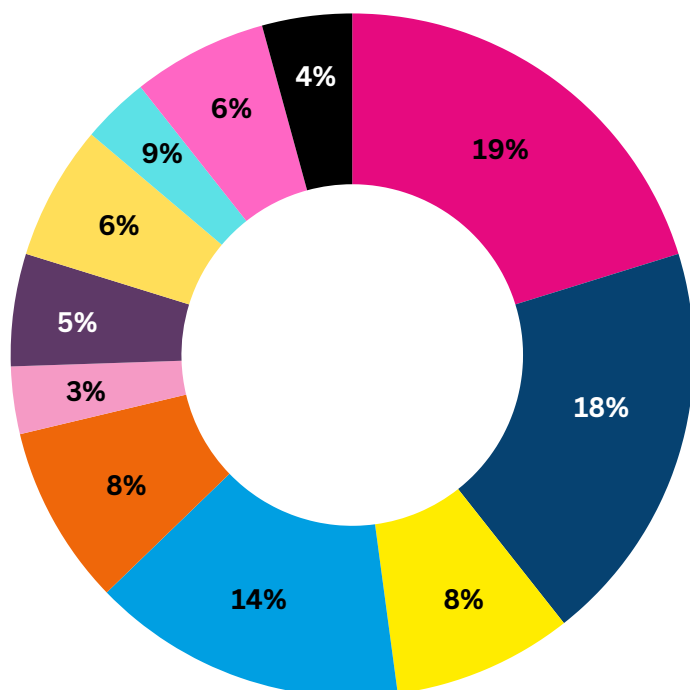

Type of Attendees

Buyers & Sellers

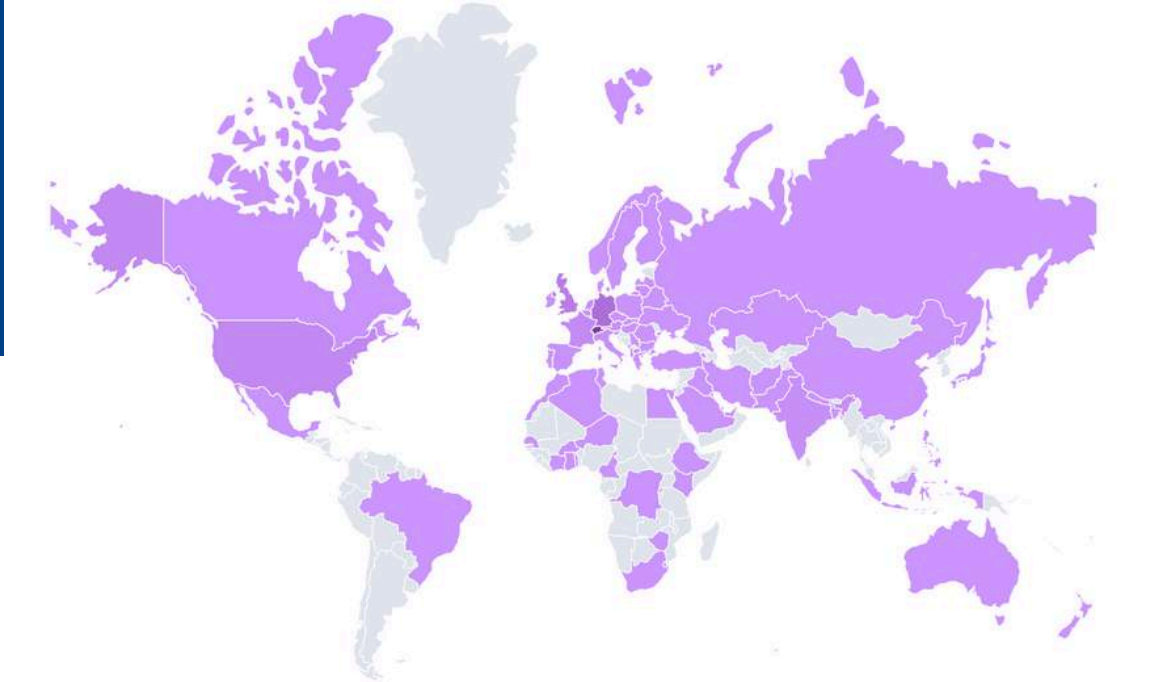

THE CONGRESS IN NUMBERS - CONTINUED

Industry type breakdown

- Pharmaceutical
- Biotechnology
- Consultancy
- Academia
- Chemical / Petrochemical/ Chemicals, Reagents, Commodities
- NGO / Non-Profit
- Medical
- Facilities & Real estate
- Agriculture /Food & Beverage
- Energy and Environment
- Others

ATTENDEES ON THE MAP

We are thrilled to bring you closer to thousands of key decision makers and thought leaders. Help us colour in the map and join us next year!

ATTENDEES FROM TOP 10 COUNTRIES

Switzerland
Germany
United Kingdom
France
Netherlands

Italy
Belgium
Denmark
India
United States

Attendee profiles

| | |
|---|------------|
| CEO / MD/ President / Founder | 16% |
| VP / Head of Department / Head of Lab / Director | 23% |
| Lab Manager | 24% |
| Sales / Business Development | 12% |
| Scientist / Lab Tech / Engineer | 19% |

Others 6% : includes consultant, product development etc.

EXHIBITION FLOOR

With **over 100** solution providers this year, the exhibition floor was packed with a fantastic array of interactive and engaging booths to provoke discussion and encourage collaboration.

AND MANY MORE...

START-UPS ZONE

This year we have **56 start-ups** participated in the congress. We offered the opportunity to present a “start-up pitch” to a panel, who graciously provided insightful feedback.

START-UP PITCHES

Congratulations to our start-up competition winner **UNOMR!** Thank our start-up judges once again for taking the time to moderate and deliver such an exciting competition.

OUR JUDGES:

- ★ Alex Boeser, 5-HT Chemistry & Health (**Moderator**)
- ★ George Hinkel, RheinMain University of Applied Sciences
- ★ David Volpato, EF Education First
- ★ Alice Freton, Innovation Office University of Basel

PRE-EVENT WORKSHOPS

Designed for in-depth discussions and insights into Automation, Green Supply Chain and Digital Laboratory, our workshops on 25 June 2024 our panelists and moderators did a fantastic job educating and entertaining the crowd with their talks.

Automation 101: Starting your automation journey

Head VM Life Science,
Siemens

Thomas Bauernhans

Director
Fraunhofer IPA

CONFERENCE

The Start-to-Finish of Labs

From basic research to commercial manufacture, with **over 200** amazing speakers, the meeting covered the start-to-finish of labs. Our carefully curated content showcases disruptive innovation from the lab ecosystem and spans across multiple industries.

Our conference kicked start by the keynote lecture from **Jens Feddern**, head VM Life Science from **Siemens** to discuss Perfecting labs with artificial intelligence and IoT on Day 1.

SMART LAB FACILITIES

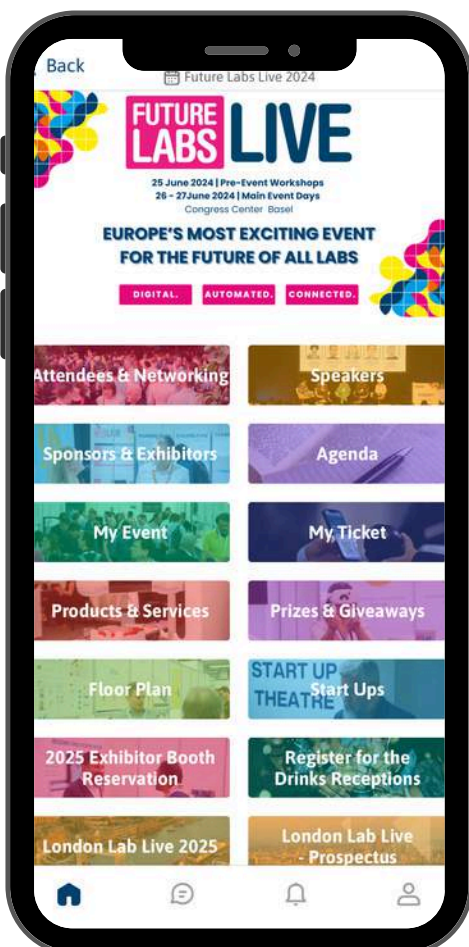

NETWORKING

Future Labs Live 2024 provided the community with a unique opportunity to reconnect with old colleagues and forge new friendships during networking breaks, networking drinks and on the busy exhibition floor.

Our dedicated networking team were also on hand to facilitate these important meetings.

8,700+ CONNECTIONS MADE!

The Terrapinn Events app offered a platform to connect and communicate with contacts throughout the Congress.

Good opportunity to connect and exchange. Terrapinn App & Communication very good to plan getting in touch with other attendees and speakers and follow up.

Key Account Manager,
Omron Electronics GmbH

Great networking possibilities, exciting presentations, cost-efficient, nice location at Switzerland's Life science hub.

Industry Lead Life Sciences, Qudits AG

YOUR FEEDBACK

We're grateful for the positive feedback that has been offered so far, which helps us to continue improving the event for future iterations. A resounding theme from almost every comment is the value of connecting with the community in-person, which we agree is an invaluable feature of the Congress.

"Great diversity of speakers and topic, a very open engaged atmosphere"

**Global Expert Laboratory
Workplace Strategy, Roche**

"The event was absolutely wonderful! A great opportunity to see who is doing what across the industry and make connections for future collaborations."

Sustainability Project Officer, EPFL

"Good balance between exhibition and conference topics. a lot of different interesting talks. Was good to be there."

**Head of Infrastructure
LCSB - University of Luxembourg**

"Interesting topics, well organized, easy to navigate, just the right dimension for my 1-Day visit, but given more time there would have been other things worth seeing/hearing."

**Laboratory Expert
SCHOTT Pharma Schweiz AG**

"Location of the event is very good. Quality visitors from various countries and potential leads through them"

**Applications Engineer - Robotics &
Automation, AAtек GmbH**

"Well organised and very interesting talks and great industry leader attendance."

**Head of Process Automation
Food Brewer AG**

Thank You
